

We will gather to bake bread, grow our friendships and have fun on

Bread Day March 23, 2024

3:00-7:00 PM at Westport Meeting.

On Bread Day

Come

participate in imagining that the yeast, or the starter, is like the Seed of God and the dough is like us. If the starter doesn't get fed into the dough, it would wither and die. But when it has a purpose, and it's fed and nurtured, it starts to grow and spread all over the dough and teaches the dough to come alive. When we listen to the little voice within us that is connected to Spirit, when we give it purpose and offer it to the community, it can grow and transform the whole and help us be a community more deeply rooted in Spirit.

Come for all or part of the afternoon including a shared supper and bread at about 6PM. This year we'll be making dough for Hot Cross Buns - to be baked at home for Easter!

We will gather as we did last year, for a glorious day of intergenerational fellowship and community. Please let Gretchen know at hellogretchen@gmail.com if you will be attending, just so we have an idea of how many people to plan for. We look forward to the rising possibilities!
